

# When considering transportation planning:

- A. I've heard of it, but not really sure what it is
- B. I'm familiar with the process
- C. I'm an expert and should be giving this presentation

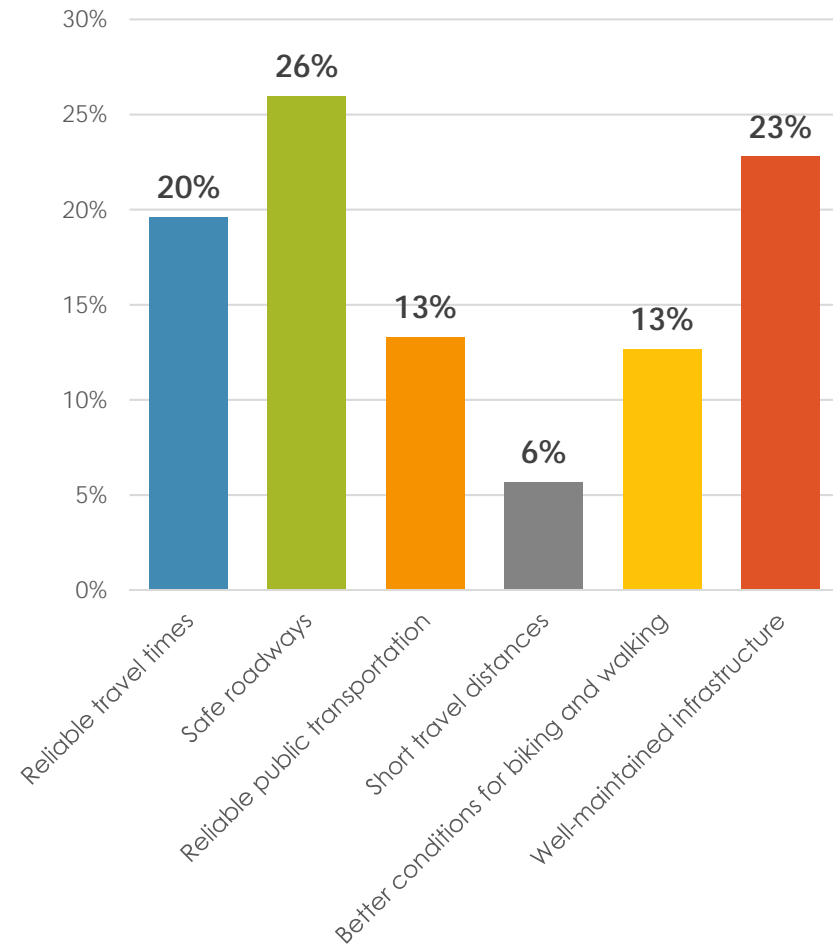

# How did you hear about this meeting?

- A. Postcard
- B. Television/Radio
- C. Email
- D. Word of Mouth
- E. Social Media
- F. Other

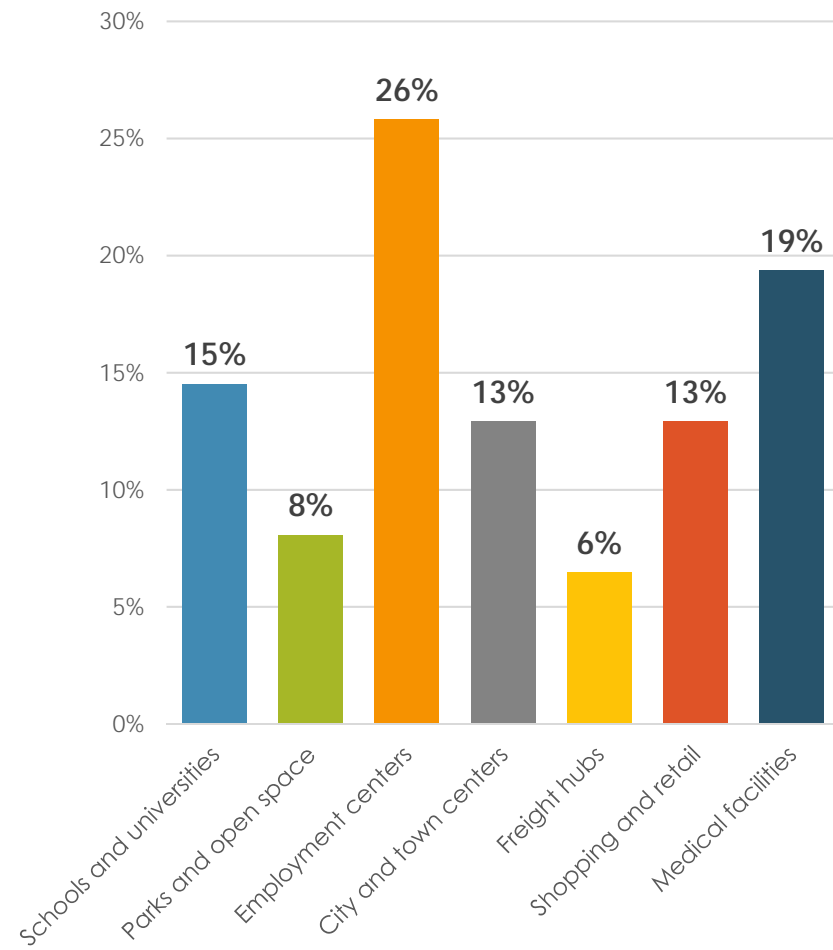

# Which of the 3 do you value the most?

- A. Reliable travel times
- B. Safe roadways
- C. Reliable public transportation
- D. Short travel distances
- E. Better conditions for biking and walking
- F. Well-maintained infrastructure

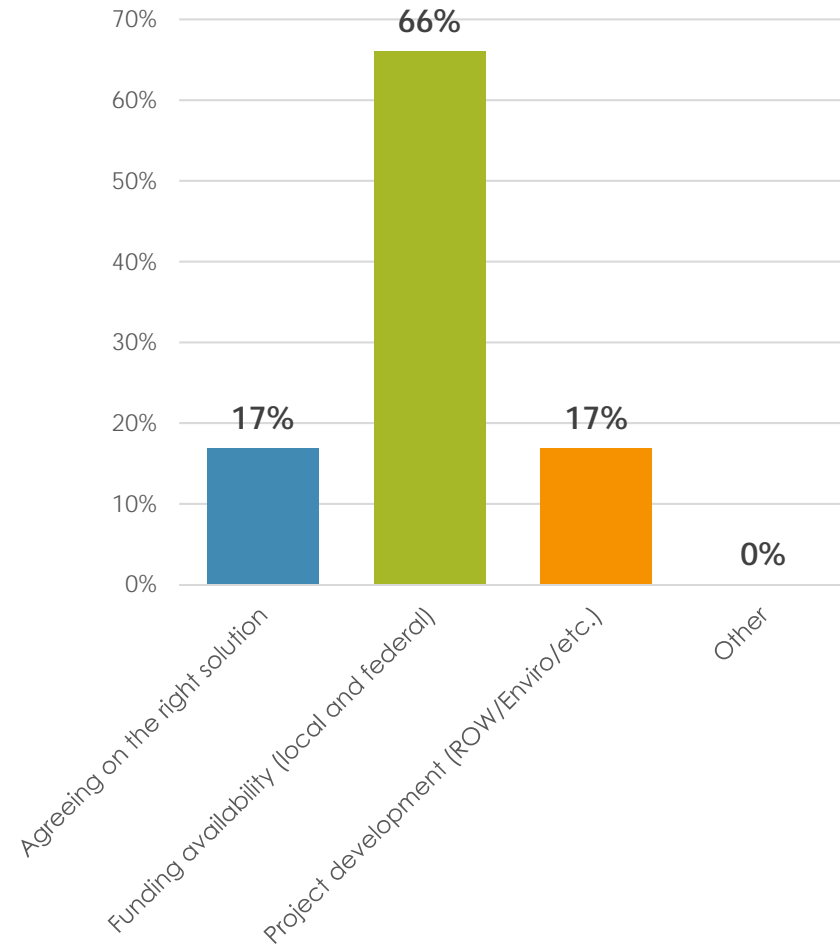

# Which 2 community assets would benefit most from additional transportation resources?

- A. Schools and universities
- B. Parks and open space
- C. Employment centers
- D. City and town centers
- E. Freight hubs
- F. Shopping and retail
- G. Medical facilities

# What is the greatest challenge when considering transportation improvements?

- A. Agreeing on the right solution
- B. Funding availability (local and federal)
- C. Project development (ROW/Enviro/etc.)
- D. Other

# Planning Themes

Memphis MPO  
METROPOLITAN PLANNING ORGANIZATION

# Connections & Choices

Promote an efficient, interconnected, and accessible transportation network that provides various options for the movement of people.

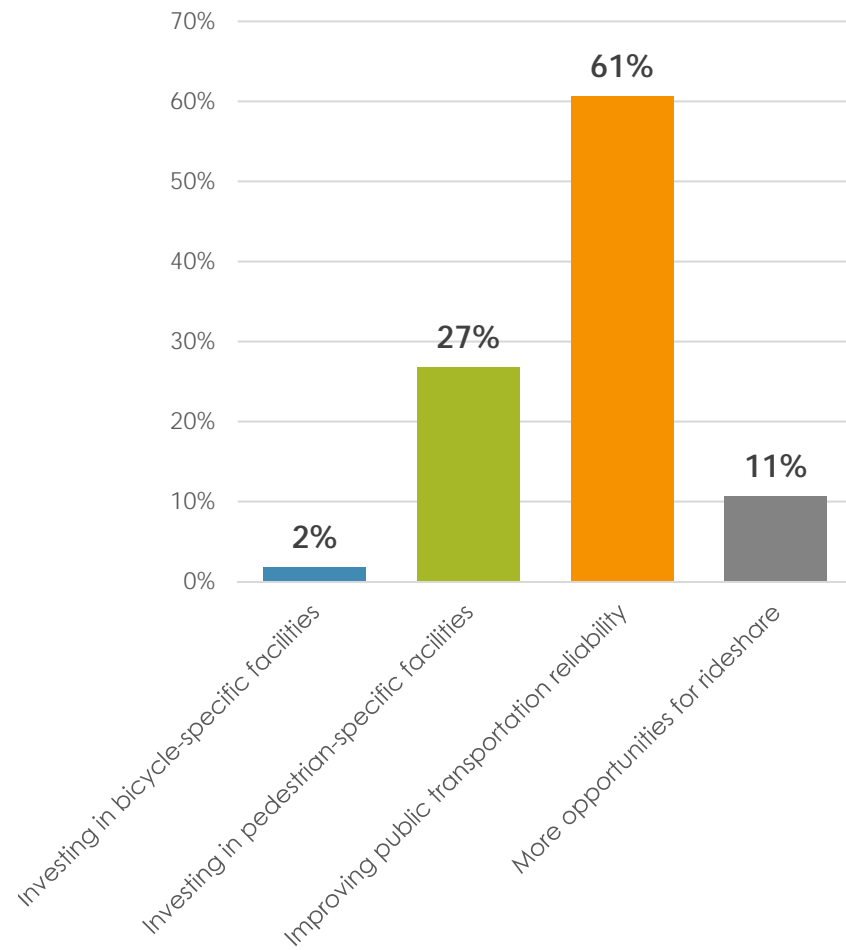

Memphis MPO  
METROPOLITAN PLANNING ORGANIZATION

# Which is most important to you:

- A. Investing in bicycle-specific facilities
- B. Investing in pedestrian-specific facilities
- C. Improving public transportation reliability
- D. More opportunities for rideshare

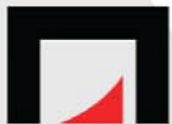

# Economic Vitality

Promote economic development through targeted transportation investments to enhance travel and tourism and ensure the region remains a leader in global logistics and freight movement.

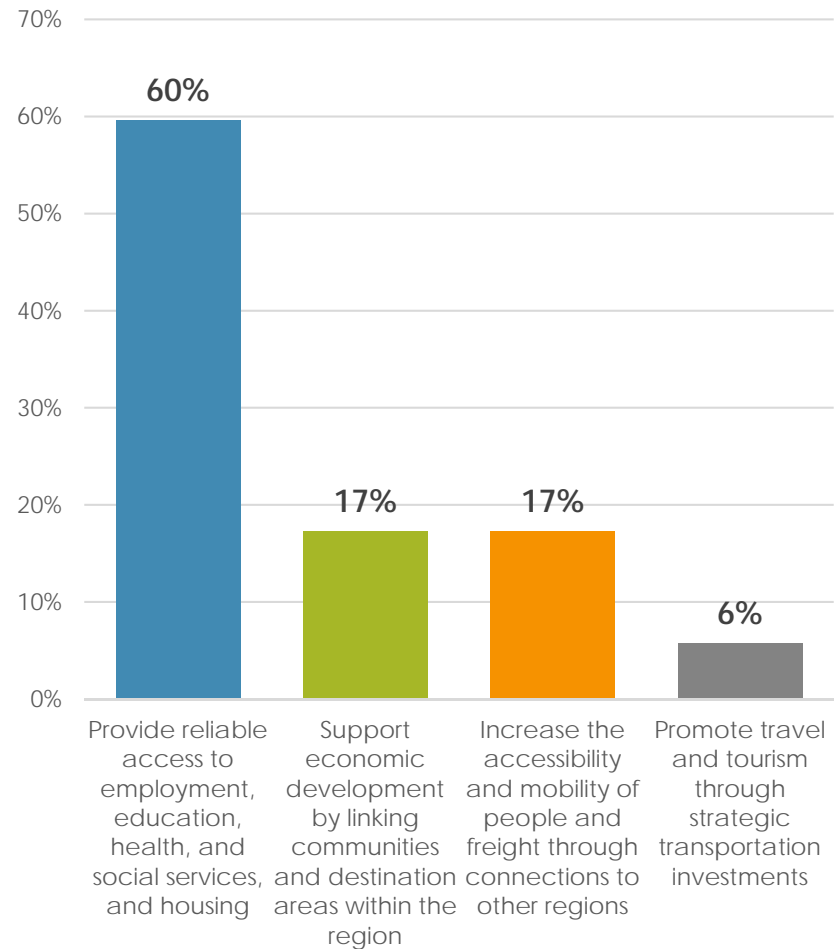

**Memphis MPO**  
METROPOLITAN PLANNING ORGANIZATION

# Which is most important to you:

- A. Provide reliable access to employment, education, health, and social services, and housing
- B. Support economic development by linking communities and destination areas within the region
- C. Increase the accessibility and mobility of people and freight through connections to other regions
- D. Promote travel and tourism through strategic transportation investments

# Safety & Security

Increase the safety and security of the transportation system for all users.

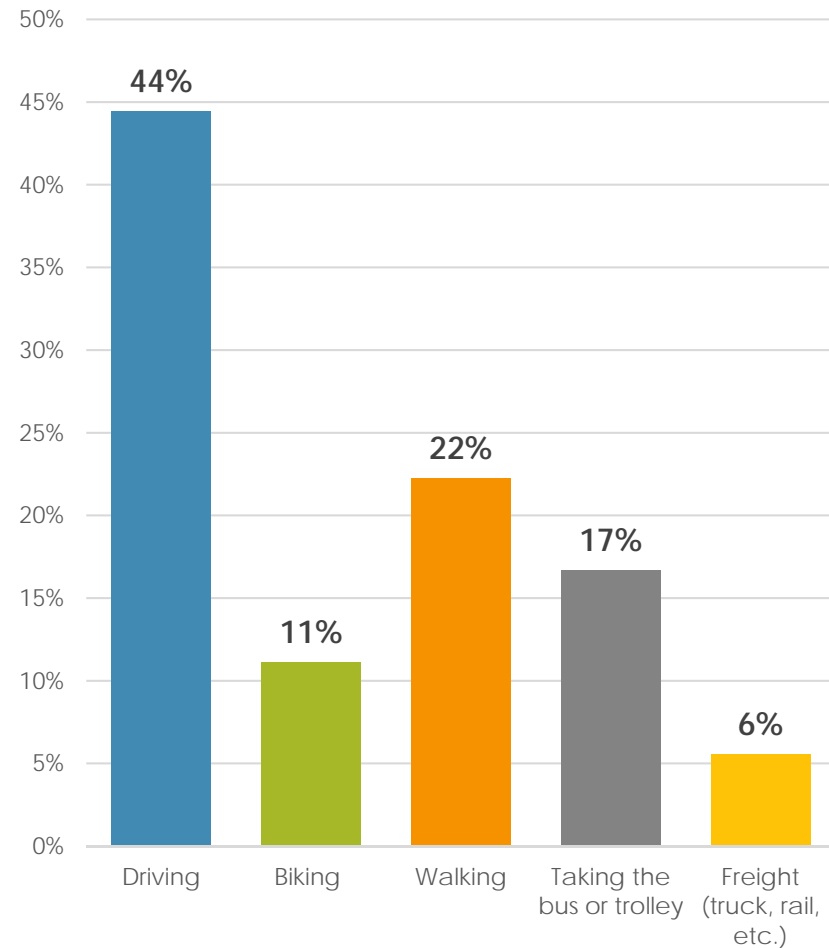

Memphis MPO  
METROPOLITAN PLANNING ORGANIZATION

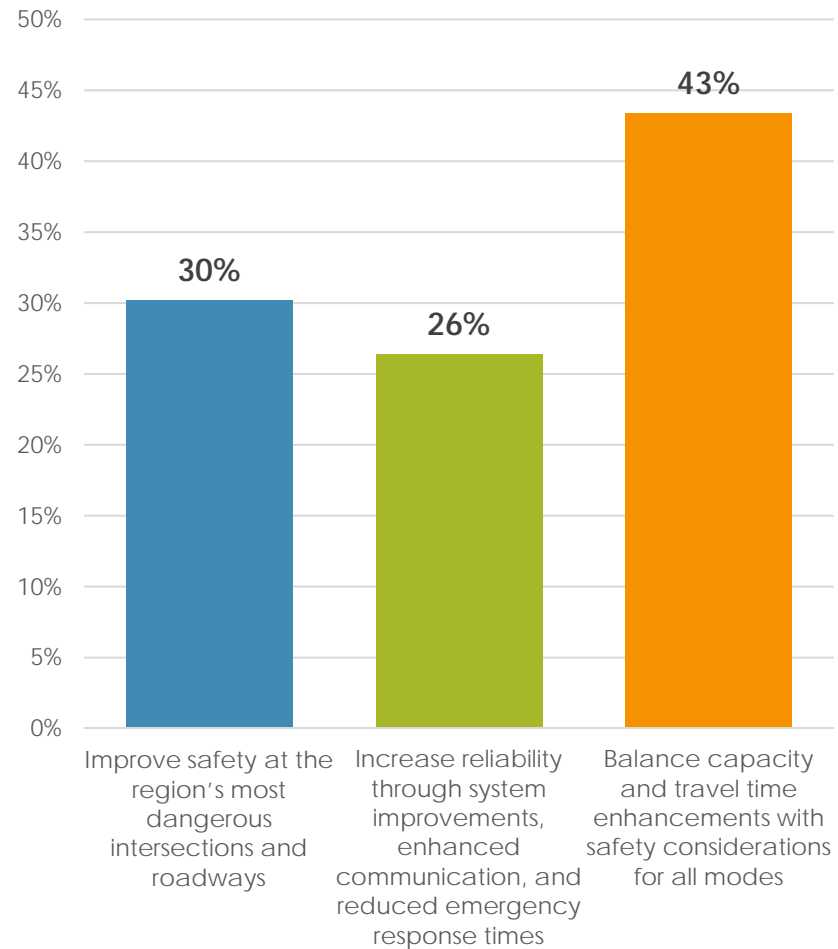

# Which transportation mode would benefit most from safety improvements?

- A. Driving
- B. Biking
- C. Walking
- D. Taking the bus or trolley
- E. Freight (truck, rail, etc.)

# Which is most important to you:

- A. Improve safety at the region's most dangerous intersections and roadways
- B. Increase reliability through system improvements, enhanced communication, and reduced emergency response times
- C. Balance capacity and travel time enhancements with safety considerations for all modes

# Sustainable Growth

Connect land use and transportation decision-making that protects the environment and conserves energy.

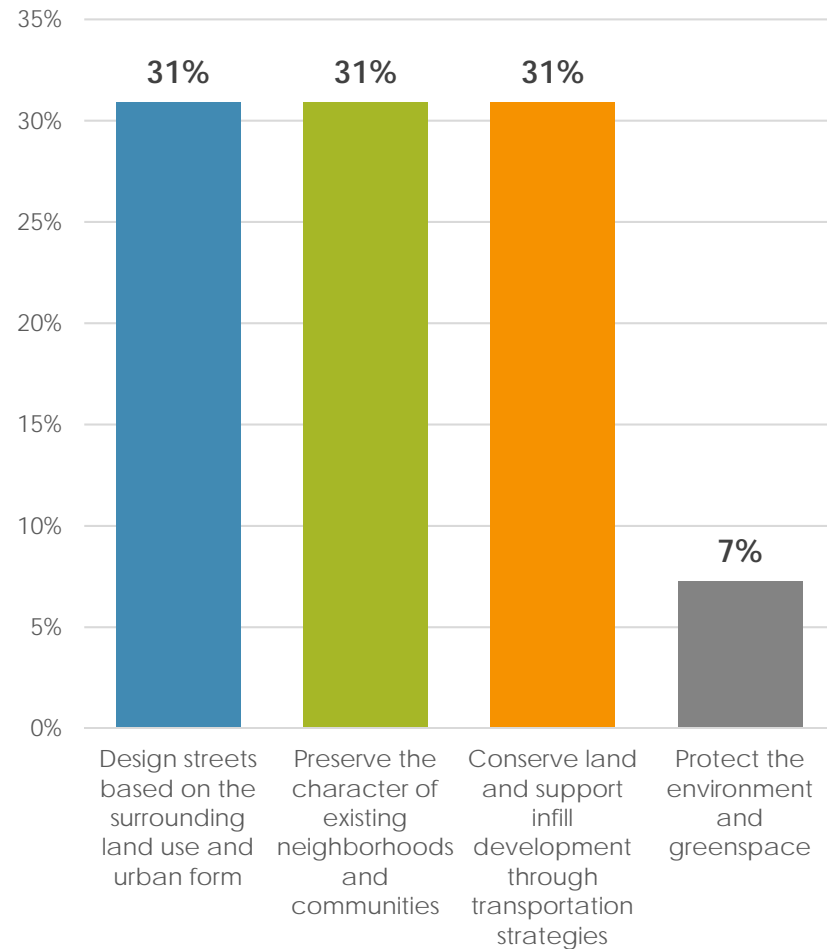

**Memphis MPO**  
METROPOLITAN PLANNING ORGANIZATION

# Which is most important to you:

- A. Design streets based on the surrounding land use and urban form
- B. Preserve the character of existing neighborhoods and communities
- C. Conserve land and support infill development through transportation strategies
- D. Protect the environment and greenspace

# System Preservation

Emphasize the preservation and performance of the existing transportation system through maintenance, rehabilitation, and system management and operations.

**Memphis MPO**  
METROPOLITAN PLANNING ORGANIZATION

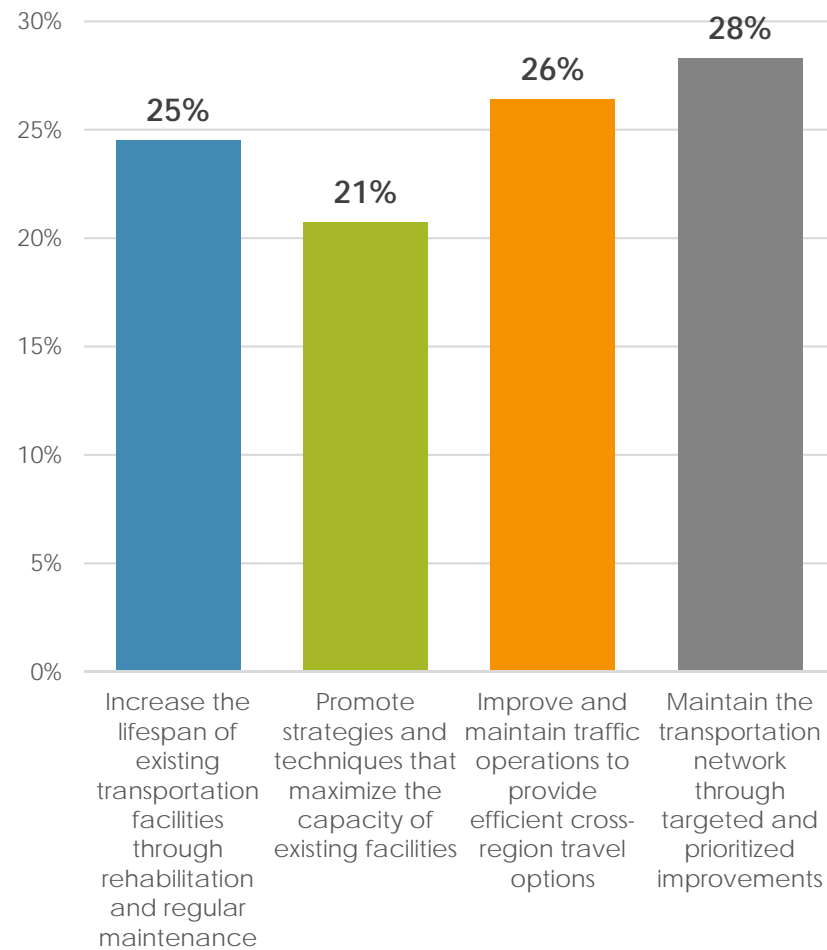

connecting people & places **2050**

# Which is most important to you:

- A. Increase the lifespan of existing transportation facilities through rehabilitation and regular maintenance
- B. Promote strategies and techniques that maximize the capacity of existing facilities
- C. Improve and maintain traffic operations to provide efficient cross-region travel options
- D. Maintain the transportation network through targeted and prioritized improvements

Climate Change

Connected  
Autonomous Vehicles

Shared ride services

Funding availability

E m e r g i n g I s s u e s

# Which emerging issue do you think will have the greatest impact on the Greater Memphis region by 2050?

- A. Climate change (air/water quality)
- B. Connected Autonomous Vehicles
- C. Shared ride services (UBER, LYFT)
- D. Funding availability
- E. Other
