You're invited to the 2nd Round of Public Meetings for the Greater Memphis Region's Regional Transportation Plan (RTP)!

The Memphis Urban Area Metropolitan Planning Organization (MPO), as a part of the Livability 2050 Regional Transportation Plan (RTP), will host three public meetings to give the community the opportunity to see the progress that has been made and provide comments and feedback on the work that is being performed by the MPO.

This community's input is extremely important for a successful transportation system in the region. "These meetings give us an opportunity to share the results we have found to date as well as continue to receive input that will make this region's transportation even better," said Pragati Srivastava, Administrator, Memphis MPO. "Everyone is affected by these decisions and we want to take the communities input and create the best possible plan."

Below you will find all the locations for the October 23, 2018 public meetings.
