MPO Invites Community Out For Their Input On Future Transportation for the Mid-South Region

The Memphis Urban Area Metropolitan Planning Organization (MPO) as a part of the Livability 2050 Regional Transportation Plan (RTP) will host seven public meetings to give the community the opportunity to provide comments and feedback on the work that is being performed by the MPO.

This community’s input is paramount to a successful transportation system for the Mid-South region. “These meetings are important because they give us the opportunity to hear from the public about transportation in their area. We want to get the communities input, on their vision for the future, and apply this to our work.” said Pragati Srivastava, AICP, Administrator, Memphis MPO.

Below you will find all the dates for the public meetings.

For more information on this and other services provided by the Memphis MPO, please go to our website at <http://memphismpo.org>.
