Ms. Tammi Moore
Mississippi Department of Transportation, Programming Division
401 North West Street
Jackson, MS 39201

Subject: Memphis MPO Administrative Modification 03

Dear Ms. Moore,

The Memphis MPO has determined that the requested Administrative Modification 03 to the FY 2023-26 TIP meets the criteria to be processed as an administrative modification and not as an amendment. As a result, there was no public notice of the changes and no vote by the Transportation Policy Board to approve the changes.

The Signalization Grouping (TIP# MS-LSTP-2014-05) has been modified to program \$355,014 CRRSSA-HIP federal funds to MDOT's MS 301 at Star Landing Road project and program \$355,014 STBG-S federal funds to Olive Branch's Stateline Road and Davidson Road project. Fund Detail 2 includes funding sources (STBG-S/HSIP/HPPP/SFP/LOCAL) and are shown on the MDOT Summary Financial Sheet.

The changes are for an existing TIP Grouping and meet the requirements for an administrative modification as established under the Memorandum of Agreement between MDOT and the MPO. Since the TIP is a subset of the 2050 RTP then air quality conformity determination made on the RTP applies to the TIP (40 CFR 93.122).

The Memphis MPO has made the requested modification to the FY 2023-26 TIP to accurately reflect the requested changes. It is the request of the Memphis MPO that the TIP project changes be amended into the State of Mississippi Statewide Transportation Improvement Program. Attached to this letter are the old and new TIP pages.

Regards,

Pragati Srivastava, Administrator
Memphis Urban Area Metropolitan Planning Organization
