Public Transportation Grant Administration

The site is under construction. Please check back for complete information on Public Transit Grant Administration.

TNDOT oversees the provision of funds for multiple statewide public transit initiatives. Funding and grant programs include:

- Section 5303 and Section 5304 (Metropolitan Planning)** provide funds to Metropolitan Planning Organizations (MPO) and directly to some urban transit systems to support the costs of preparing long range transportation plans and financially feasible Transportation Improvement Plans, as well as conducting intermodal transportation planning and technical studies.
 - [2010 Fact Sheet](#)
- Section 5307 (Urbanized Area Grants)** provides funds to urbanized areas with populations of more than 50,000 for transit operating and capital assistance and for transportation related planning. For areas under 200,000 in population, funds are apportioned on the basis of population and population density. For areas over 200,000 in population, funds are apportioned based on population, population density and transit data.

 - [Section 5307 FY2017 Awards Letter](#) (pdf)
 - [2017 Fact Sheet](#)
- Section 5309 (Capital Investment Grants)** provides discretionary capital assistance for the purchase of new equipment, acquisition of property, and the construction of public transit facilities.
- Section 5310 (Elderly and Persons with Disabilities Grants)** provides transit capital assistance, through the states, to private non-profit organizations and public bodies that provide specialized transportation services to elderly and/or disabled persons.
 - [Section 5310 FY2014 Awards](#) (pdf)
 - [Section 5310 FY2014-2015 Awards](#) (pdf)
- Section 5311 (Non-Urbanized Area Grants)** provides funds to each state for state administration, planning, and technical assistance and for transit capital, operating, and project administration assistance in areas with populations of less than 50,000.

Public Transit

The division has planning, project development and implementation responsibilities. Major responsibilities include developing statewide coordinated transportation plans, allocating and providing oversight of federal transit funds to public and private non-profit organizations along with local, state and tribal governments to provide mass transit services.

Section 5310 - Enhanced Mobility of Seniors and Individuals with Disabilities Program

NOTE: Federal guidance, in the form of an updated Federal Transit Administration Program Circular dated June 6, 2014, is reflected in an [Updated Application and Instruction Manual for Federal Transit Administration Vehicles](#). Each is available for download (below).

This program provides capital assistance for vehicles and specialized equipment to public agencies and private nonprofit organizations to meet the needs of transportation dependent individuals. This program requires public participation and equality of service under Title VI and the Americans with Disabilities Act. A Program of Projects is developed from an annual application process. The Federal Transit Administration (FTA) requires monitoring and oversight of these projects through quarterly performance reports, insurance documentation, preventative maintenance reporting, and on sight monitoring of equipment and services.

Type of Assistance: Capital

Eligibility: Private nonprofit organizations and public entities that provide transportation services to meet the needs of seniors and individuals with disabilities.

Amounts Available: Based on federal formula, approximately \$2.4 million per year

Match Requirement: Capital - 80% federal, 20% local

Grant Application Period: **The 2018 Application Cycle Is Closed.**

NOTE: This funding is subject to ongoing Federal budgetary action.

Download the application and instructions here:

- [Click here for the Application](#)
- [Click here for the Optional Site Specific Application](#) (required if requesting two vehicles)
