Date: August 30, 2019

Subject: Transportation Policy Board (TPB) Meeting September 12, 2019

From: Pragati Srivastava, Administrator, Memphis MPO

In compliance with federal regulations 23 CFR 450, the Memphis Urban Area Metropolitan Planning Organization (MPO) is proposing to adopt the Livability 2050: Regional Transportation Plan (RTP), Fiscal Year (FY) 2020-23 Transportation Improvement Program, and associated Air Quality Conformity Demonstration Reports for Shelby and DeSoto Counties. These documents were made available for a 30-day public review ending on Wednesday, August 28, 2019.

The Memphis MPO is also proposing approval of the 2020 MPO Meeting Calendar and a presentation will be given on the Memphis, TN-MS-AR Transportation Management Area (TMA) Planning Certification Review.

The Memphis MPO, through FHWA guidance, believes that continued interaction with the entire community builds support and, more importantly, ensures that the public has the opportunity to help shape the substance of plans and projects. The Memphis MPO strives to enhance the impact of participation on transportation decision-making. In order to accomplish this task, the MPO works to improve the number of stakeholders participating in the transportation planning process through increased opportunities for feedback, improved education regarding transportation planning, and constant evaluation regarding the effectiveness of outreach.

Written public comments will be accepted until Wednesday, September 11, 2019. Comments may be submitted to Pragati Srivastava, Administrator of the Memphis MPO, 125 North Main Street, Suite #450 Memphis, TN 38103 or via email at Pragati.Srivastava@memphistn.gov. The TPB will hold a public hearing to accept oral comments and take action on the proposed items on Thursday, September 12, 2019 at 1:30 PM in the Student Alumni Building at the University of Tennessee Health Science Center, 800 Madison Avenue, Memphis, Tennessee 38103.

Livability 2050: RTP and FY 2020-23 TIP Planning Themes

During the development of the Livability 2050: Regional Transportation Plan (RTP), planning themes were developed and priorities from the local jurisdictions and the public were identified. These planning themes and priorities helped shape the TIP and its criteria.

How does the funding breakdown for the FY 2020-23 TIP?

TENNESSEE
$645,319,145

MISSISSIPPI
$211,637,856

What are the next steps to implement the Livability: 2050 RTP & FY 2020-23 TIP?

FEDERAL AGENCIES
FHWA and FTA in coordination with the EPA will make an air quality conformity determination.

STATE/MPO STAFF
TDOT, MDOT, and MPO Staff will continue to track project progress and coordinate to move projects forward.

LOCAL AGENCIES
Local agencies that were awarded funding can begin the contract process to initiate projects in the TIP.
