## THE UNIFIED PLANNING WORK PROGRAM

The Unified Planning Work Program (UPWP) outlines transportation planning priorities and work tasks that will be performed by TDOT, MDOT, MATA, and the Memphis MPO within the Memphis MPO planning area for Fiscal Years 2022-23 (FY 2022-23). The Fiscal Years 2022-23 is based on the federal fiscal year, beginning on October 1, 2021, and ending September 30, 2023.

In addition to MPOs UPWP, the Tennessee and Mississippi Departments of Transportation also prepare Statewide Planning and Research Work Program (SPRWP) that outlines transportation planning and research activities that will be performed by the State.

Preparation of the UPWP is required by the federal transportation legislation. The latest federal transportation legislation is the Fixing America's Surface Transportation Act (FAST Act), which was signed into law on December 4, 2015. The UPWP is also a requirement of the Metropolitan Planning Code of Federal Regulations (23CFR 450.308) of the United States Department of Transportation. The UPWP must present a continuing, cooperative, and comprehensive (the "3C") approach to transportation planning activities. The UPWP is prepared with cooperation and guidance from federal, state, and local agencies, as well as state & public transportation operators. The various funding sources will be used for Transportation Planning tasks in the MPO Planning Area.

The UPWP is one of four key documents the Memphis MPO is required to develop and maintain for its planning area. The other key documents are the Regional Transportation Plan (RTP), Transportation Improvement Program (TIP), and Public Participation Plan (PPP).
